## WITH THE WORD

— INK & BLOOD —  
DEAD SEA SCROLLS TO GUTENBERG

### *THE WORD: Ink & Blood* Opens February 3!

Take a journey back 5,000 years to trace the written history of our existence as it was preserved through the ink of scribes and the blood of martyrs. *THE WORD: Ink & Blood* making its first ever west coast debut, is the world's largest, most comprehensive exhibition on the history of the Bible and the origins of written language. This unprecedented collection of artifacts, which includes authentic Dead Sea Scroll fragments, ancient biblical manuscripts and 5,000-year-old pictographic clay tablets from ancient Mesopotamia, opens February 3, 2012 at MUZEEO in downtown Anaheim.

### Due to popular demand, *STEAMPUNK: History Beyond Imagination* has been extended through Monday, February 20!

Don't miss the final days of this amazing exhibit! A world where the future shakes hands with the past, and where humanity's innovative nature inspires future generations to do the impossible.

### Happy Birthday Jules Verne!

This year the "Father of Science Fiction" turns 184! Celebrate an author who was ahead of his time. Visit *STEAMPUNK: History Beyond Imagination* Saturday, February 11 and celebrate with a birthday cake reception from 2 - 5pm! (or while supply lasts).

*Did you know?* Verne published at least 1 book a year for over 40 years on a wide range of subjects. Which one was your favorite?
